The fifth edition of the biennial art exhibition “PERSONAL STRUCTURES - Identities” (11 may - 24 November), organized and supported by the European Cultural Centre Italy, will soon open to the public. The show will be inaugurated on May the 9th and 10th from 6:00 pm to 10:00 pm in Palazzo Mora and Palazzo Bembo and from 5:00 pm to 8:00 pm in Giardini Marinaressa.

Alongside the openings a series of performances and talks organized by the artists will take place in our venues.

The exhibition will present a wide selection of works from emerging and internationally-renowned artists, photographers, sculptors and projects of academic institutions from all over the world, illustrating the different subjective reflections on the topics of “Time, Space and Existence” and on the concept of Identity. The result is a heterogeneous and stimulating group show which aims to raise thoughts and reflections upon our lives.
